

Six-Room Home Destroyed By Fire Sunday Morning In West Cameron

A six-room home was totally destroyed Sunday morning in a blaze which alerted the Cameron Fire Department at about eight a.m. The home belonged to Louis McLaughlin and was located in West Cameron.

John P. Eanes, fire marshal, said the home was in full blaze when the fire department arrived and that the men worked approximately thirty minutes trying to control the fire to no avail.

The damage was approximated at \$8,000 and the blaze was blamed on an oil cook stove. It was reported that no one was injured although McLaughlin and several children were in the home when the blaze broke out.

The local fire department was again called out on Monday morning when the electrical wiring in the home of Beatrice Harris at 1902 N. Harding street caught afire. Frank Richter reported that the wires were cut to prevent any further damage on the home.

Boy Scouts To Attend Camp June 27

The age-old call of the wild is strong in little boys, particularly the Boy Scouts, who are taught from the time they enter the organization the art of being self sufficient at all times, in all places and in any environment.

They will smell the never-to-be forgotten odor of bacon frying over an open fire, taste the special flavor of foods cooked over the fire by their own hands, and the feel of depending entirely on ones self at their Camp Tahuya from June 27 through July 3.

This camp, located near Belton on the Lampasas river, looks like the very heart of the wilderness with its wooded area and the river lined with canoes and boats. But there are also modern conveniences dear to the heart of the modern boy. There are the swimming pools, the archery range, the rifle range, the softball diamond... all the things necessary for a perfect holiday.

Several boys from Cameron troops 83 and 55 will attend the camp during the week of the 27th, accompanied by their adult leaders.

At all times during the camping trip they will be constantly accompanied and supervised by these men. From troop 83 Allen Dodson, scoutmaster, will accompany the boys to camp, he will be relieved by his assistants Dwight Moody and Dr. John Bryson, who will each remain with the boys for a two day period.

Wednesday night will be parent night, and all of the boys parents will be treated to a program performed just for their benefit.

Friday night, will be the climaxing campfire ceremonies, conducted by the boys and strictly for the scouts entertainment. During the camp the boys will be eligible to pass requirements for their merit badges and for the scout ranks.

It will be necessary for each boy to have a medical report before attending the camp and therefore necessary that they contact their leader before the 27th if they plan to attend.

with members of the City Council a compromise was reached. Only a portion of the hike would be issued now and after actual dial system goes into effect on December 31, 1956, the Company would be given the remainder of the hike. A spokesman for the City stated that dial system would be installed, eventually in the City, to meet the growing needs and wants of its citizens.

This ordinance must be presented to the City Council three times at three separate meetings before passage may be obtained. Tuesday night's presentation was the first, and it was passed three to two. Councilmen favoring the increased rates were Milton Schiller, Roy Griffith and Gene Blake. J. C. Anders and Robert Weems voted against.

The first part of the hike would increase Business phones from \$7.50 to \$8.50; one party resident phones from \$3.75 to \$4.50; two party resident phones from \$3.25 to \$3.75 and four party resident phones from \$2.75 to \$3.25. The secondary raise after the completion of the dial system would hike the Business phone rate to \$9.

Mrs. Robert Lee Schuetze visited her husband at Camp Chaffee, Ark. over the weekend.

CHIGGER TIME IS HERE; GET RID OF THE PESTS

By J. D. Moore, County Agent
This is chigger season as well as for picnics, parties and outdoor gatherings.

A 5 percent Chlordane or Toxaphene dust will kill the red bugs for about 7 days. Though it may not be practical to dust a large area, a small area where the family spends a lot of time, may be kept free of the pests.

One pound of the dust will treat an area of about 1,000 square feet. These dusts are available at feed, drug and most grocery stores.

NEW TRIAL ORDERED IN SPRIGGS MURDER CASE

Morris Spriggs, who was convicted of murder and sentenced to life imprisonment, from the Milam County District Court was given a new lease on life Thursday when the Court of Criminal Appeals reversed the case and ordered it re-tried.

Spriggs had been convicted of killing Toso Dorsey in the spring of 1953. He will now be eligible for release on bond until the case is re-tried.

In ordering the new trial, the Court of Criminal Appeals stated that there had been jury misconduct in that they had considered the matter of possible parole while they were deliberating the case. The higher court's opinion said, "It was shown on the hearing of the appellant's motion for new trial that after the jury had agreed on a verdict of guilty, and while they were divided as to the punishment to be assessed, an unidentified juror represented to a fellow juror who was voting for a term of years, that if the punishment was assessed at life, appellant could not be paroled, whereas if a term of years was assessed he would

be able to obtain a parole."

The appellate court went on to say, "The statement of the unidentified juror constituted the giving of testimony to the jury-testimony which was clearly wrong; and under our holding in Price v. State, 199 S. W. 2d 168, a reversal is called for."

Although attorney for the defendant, Jack W. Prescott, could not be located for a statement, County Attorney Jim Miller reported that he would ask the court for an immediate setting to re-try the case.

Brownie Day Camp At Ledbetter Park Great Success

Mrs. H. Haraway
Friday marked the end of the Brownie Day Camp that has been going on daily since Tuesday in the Wilson Ledbetter park. The park Friday was just about the bus-

iest place around Cameron — youngsters everywhere and everybody having a good time. Camped in and around the American Legion Hut were members of the Baptist youth Encampment and near the rodeo pen and Girl Scout House were Brownies. Needless to say, the swimming pool was the most popular spot in the park area.

For a while Friday morning it

looked as though two groups of Brownies were more or less on an obstacle course. Maggie Hill was taken over during the night by a group from the Encampment and the City decided that a new fence had to be built this week and that it had to run practically over Star Lite Point. We all took a "chin up" attitude and made plans to see that proper posted signs are staked at the sites next year. It was hard to find a plausible reason why the fence had to be built Friday, so we decided the best thing to do was to crawl under it and reclaim the camp site.

Troop 2 stationed at Smoky Point had it fairly easy Friday — no interference. On their wild flower hike, they gathered various kinds and hues for their nature pictures.

Mrs. James McKeown returned again Friday to assist with the swimming instructions. Her assistance with this was of great help to both the Leaders and the girls. Lunch Friday was served early due to the one o'clock Fly Up Ceremony. Troop 10 (Maggie Hill) cooked their bacon on the electric stove installed Friday morning in the hut. The potatoes and corn they had were cooked in foil on the barbecue pit at the hut. They ate a banana and cup cake for desert and returned to working hard on the Fly Up ceremony they were to participate in immediately after lunch. This group is small and everybody more or less helps out with the cooking.

Trop 5, Star Lite Point, had the corn and potatoes but instead of bacon, they chose wieners for their meat. Cooks for this group Friday were Linda Ethridge and Linda Jean Haraway.

Looking back over the four days that the camp went on, I think it was a big success. When the flag had been lowered and the last Brownie packed off home, the Leaders returned to the Hut and tackled the task of cleaning it and storing the things left over.

Deep appreciation on behalf of the Day Camp staff is extended to the following concerns: Bama Products of Houston; for peanut butter, Sanitary Dairies for milk, Safeway for bread, Mrs. Tuckers' for oleomargarine and Bert Nicholson for Dr. Peppers and the use of a cold drink box. Our and the thanks of the whole Girl Scout organization in Cameron to Burkes-Howard for the good used electric stove they donated to the organization. It was installed Friday morning by Mr. Bennie Archer.

Recent guests in the home of Mrs. G. M. Goodwin were: Mrs. Cordia Fuson and Mr. and Mrs. S. L. Goodwin and son, Sherman, Jr. all of Littlefield, Texas; her son, Mr. and Mrs. E. J. Goodwin of Manor; Mrs. Grady Goodwin and two children, Melvina and Leroy from Waller and Mrs. Jewell Dodson of Maysfield.

\$28,000 Short of Quota For Boy Scout Building Campaign

The Heart O' Texas Boy Scout council was only \$28,000 short of its \$200,000 building campaign goal this week.

Drive workers were urged to complete "working" their prospect cards this week and report to the campaign office in Waco.

The total as of the beginning of the week was \$174,179.27. Area advance-memorial gifts had accounted for \$105,901 of that.

J. D. Moore Explains Cotton Insect Situation in County

J. D. Moore, Co. Agent

Unseasonably cool weather has favored the development of thrips and aphids (plant lice) in cotton fields and are costing the farmers extra dollars for insecticides in their efforts to stop the insect injury. Thrips are very small bugs pointed at both ends. They vary in color from light yellow to orange. They are found feeding on the small leaves in the terminal growth of the cotton plant. Any of the treatments recommended in the Texas Guide will control the thrip.

The other insect more easily seen on the cotton plant is the Aphid or plant lice. They are small soft-bodied, sucking insects varying from light yellow to almost black. They are found on the under-side of the leaves. The Poison must come in contact with their bodies to kill them, therefore control is more difficult. Parathion is the best material for this control. However BHC is also recommended.

Flea hoppers and boll weevils are appearing and control measures must be taken if they are to be stopped. Your County Agent will assist if necessary. A Cotton Insect Guide will be found at the County Agent's office.

Former Milam Native
Carrys On Work Of
Clothing Koreans

An Oklahoma City newspaper carried a feature story about a Milam County native recently telling of the wonderful work carried on for the people of the Republic of Korea.

The article was about Mrs. Cammie Morrison, who was reared in Milam county and is the daughter of the late Joseph Ferguson, who was well known in this county and Bell.

Mrs. Morrison is personally responsible for putting clothes on the backs of at least 1,000 des-

titute South Korean civilians. And it all began two years ago with a box of cookies.

She began collecting clothes for Korean citizens in the spring of 1952 when she received a letter from her grandson, George Von Stiter, a member of the Third Infantry Division in Korea.

She had sent him a box of home-made cookies and a few boxes of assorted items. He shared them with the civilians who "needed them worse than he did."

The people were so grateful they sent Mrs. Morrison a brass ash tray with strange looking turtles engraved on its lid.

The gift from people in far-away Korea tapped a reservoir of kindness and personal sacrific-

ice which has since channeled hundreds of pounds of good, clean clothes to needy Korean families.

Mrs. Morrison figures she has sent at least 1,300 pounds of clothing collected in Oklahoma City to be distributed to Koreans. She "mended, washed, packed and paid for shipment" of most of them.

Mrs. Morrison's communication with the Koreans has netted her two "adopted grandsons" and hundreds of letters from average Korean families.

A newspaper story which appeared in the Yong Men Times, published weekly in Seoul, Korea, was headlined:

"Laudible Deed of Mrs. Cammie Morrison, a human Love Made

In A Foreign Country."

The story read: The lady named Mrs. Cammie Morrison, living in Oklahoma City, America, sent a lots of clothes, 14 boxes in total, for destitute Koreans...."

Mrs. Morrison said that shipment was distributed to people of five villages and parts of Seoul. "I'm happy when I work to collect and mend clothes for my far-away neighbors," she declared. "I don't have too much, but if I can help, I'm happy."

The 300 word article from the Seoul newspaper is all praise and appreciation. "The poor people are deeply touched for the heart warming clothing and by this virtuous deed of love and feel grateful to Mrs. Morrison, with all their hearts," Mrs. Morrison said that almost every week she received a letter of thanks from an appreciative Korean. On eletter said, "Dear My Grandmother, our president might award you a medal of honor"....

LITTLE RIVER PHILOSOPHER
DECIDES THAT HIS
FARMING PROBLEMS ARE
SMALL COMPARED WITH
PROBLEMS OF WORLD

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River takes a look at the world situation this week, and quickly retreats. Can't say we blame him.

Dear editor:
Understand, I've got enough problems of my own out here on my Johnson grass farm at Marlow to use up all the thinking power I have or ever will have, when a man's crops get in the shape mire are in, the world's problems ordinarily seem pretty little, but I never did believe in a man being selfish and devoting all his time to his problems, so I have been doing some thinking lately on the world problem.

The way I see it is, the world's crops are pretty grassy too, with a poor stand to start with, and there are some people who ain't sure a crop is gonna be made this year.

The trouble is, there's an outfit in Russia worse than all the insects a farmer was ever bothered with, and up to now hasn't anybody figured out the proper insecticide.

It goes like this: they break out say in Korea, and we spend two years tryin' to get em under control, and we finally do, at least we back em up to the fence row and keep a guard posted, and then they break out in Indo-China, and the other day I read where there was indications they're gonna break out in Guatemala, down in South America, which is gettin' even closer to home, and they're spotted all through Europe and Asia.

It's sort of like fightin' gophers by sittin' by the hole waitin' for one to stick his head up. Even if he sticks his head up and you hit him, another one may come out at a hole a little further over, and down below they're still multiplayin' faster than you can get ready.

Ordinarily, you might say the thing to do is root out the headquarters, the source of supply, but these gophers ain't like the prairie kind, they got powers of relation to such an extent there might be some question of who was rootin' out who. While maybe we could handle em in the long run, we'd sure suffer a lot in the process.

What to do with them Russians, with their unlimited slave labor producin' bombs and airplanes for three sorry meals a day, is more than I can figure out, and the more I read the newspapers the more I discover I ain't by myself.

Personally, I'm glad I'm in the farmin' business instead of the statesmanship business. Mine's a snap.

Sincerely Yours,
J. A.

Recent Rains Help
Bermuda Grass Grow

Hal Hartrick, member
After the recent rains, Costal Bermuda grass is making good growth on the Laurence McLaren farm in the Marlow Community.

Last spring, Mr. McClaren

bought enough Costal Bermuda springs for a two acre nursery. He is now using the sprigs from his nursery to establish fifteen acres of permanent pasture.

McClaren prepared the land by disking and bedding. The beds were plowed with a planter, leaving a furrow that was slightly lower than the ground level. Grass sprigs were dropped in the freshly plowed furrow and a cultivator was used to partially cover the sprigs. McClaren was careful to leave some of the green leaves above the ground. The grass was fertilized with a very high rate of complete fertilizer.

Costal Bermuda makes a more upright growth than does the common Bermuda. Under the proper conditions of fertility and moisture, it will grow 30 inches high. It can be used as a hay crop as well as for pasture.

Other grass seedlings in the District are making good growth. J. L. Zalesky of the Pettibone Community has trial plots of Buffel grass, King Ranch Bluestem and Argyle Bluestem. Zalesky is trying to determine which grass is best adapted to the conditions on his farm.

It has been the objective of the Soil Conservation District to get trial plantings on each soil found within the district. This objective has been met.

Yoemen Cheerleaders
Selected At Close
Of School; 4 Named

The "Twelfth Man" on the Cameron Yoemen football team was selected at the closing of school here. The Yoe high school cheer leaders were officially appointed and all four young ladies have set head on into the job of preparing themselves for the 1954 football season.

Coming back for her third year as cheerleader will be Mary Ann Pilling. Mary Ann is now a senior. Two other 'lettermen' also returning to the cheering post, are Patsy Mullinax and Edna Vybril, both seniors.

One new pep leader has been added and she is Katherine Johnson. Katherine will be a Sophomore student this coming school term.

Miss Ada Margaret Smith, who has been sponsoring the Yoe cheerleaders for a number of years, said the girls will be meeting to complete plans for their uniforms. Also the girls, who will be responsible for the vigorous pep of the Yoemen fans, will be meeting recurrently for yell practices. A full summer course of yell practices is anticipated, and it looks like the 1954 spirit of the Yoemen fans will be high with a well experienced group of leaders to head the cheering section.

CHRISTIAN SCIENCE

The importance of understanding God and man from the standpoint of spiritual causation will be stressed at Christian Science services Sunday. The Lesson-Sermon "God The Only Cause and Creator" will include the following passages from the King James Version of the Bible:

"For thus saith the Lord that created the heavens; God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else" (Isaiah 45:18)

Among the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read: "Jesus of Nazareth was the most scientific man that ever trod the globe. He plunged beneath the material surface of things, and found the spiritual cause" (313:23-26).

The Golden Text is from Revelation. "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created" (4:11)

There is new hope in Chiropractic adjustments for arthritic patients. More than 10 million men and women have some form of arthritis and rheumatism. Ninety-seven percent of all who live beyond middle age come down with rheumatic diseases. The most severe form is rheumatoid arthritis and it hits women three times as often as men.

Farmers more than people in any other field of occupation are stricken with this dread disease. Twenty-three percent of all the farmers in this county and in the nation know the aches and pains of these diseases as did this Milam County farmer, Mr. F. Case 168, consulted Dr. Boyce for treatment because of painful arthritis in knees, hands and elbows. This farmer could barely walk about to do his daily chores, let alone work in the field. Our specific examination revealed irritated nerves in the spine leading to the hands and knees. Adjustments restored the nerves to normal, the irritation was relieved and in time all pain and swelling left. Patient returned to his work in the field and today is in good health due to Chiropractic adjustments. Drop by the clinic today and discuss your Arthritis health problems with us.

Mr., Mrs. Cooper Mitcham To Live At Amarillo Following Wedding

James Cooper Mitcham and his bride, the former Nee Mary Stanley, will be at home at 1619 Van Buren, Amarillo, following their marriage Saturday, May 15 at the home of the bride's uncle and aunt, Mr. and Mrs. R. B. Skinner, 2720 San Medina, Dallas.

Parents of the couple are Mr. and Mrs. J. T. Stanley of Eddy and Mrs. Marvin Mitcham of Buckholts.

Rev. James C. Skinner read the wedding vows in a double ring ceremony by candlelight in a setting of greenery fronted with white gladioli and lilies.

Given in marriage by her father, the bride chose a white linen sheath dress with a brief jacket embroidered with seed pearls and rhinestones and matching accessories. A short veil was attached to her tiny white hat encrusted with seed pearls. She carried a white Bible topped with a white orchid and stephanotis.

Miss Barbara Smajstria of Waco was maid of honor and Miss Carole Skinner was junior bridesmaid.

Dor L. Mitcham was his brother's best man. Ronald Hudson of Cameron was usher and David Hudson of Cameron was junior usher.

Mothers of the bridal couple wore navy dresses with white accessories and their corsages were white carnations.

A reception followed the ceremony for members of the house party and out of town guests. An arrangement of white gladioli centered the table laid with an imported linen cloth. The three tiered wedding cake was topped with a miniature bride and groom. Assisting at the reception were Miss Carole Skinner, cousin of the bride, Mrs. Johnny Keith and Mrs. J. C. Skinner.

The bride was graduated from Chilton high and a Waco business college. She has been employed as a secretary and receptionist at the First National Bank at Waco.

Mr. Mitcham is a graduate of Texas A & M College and served two years service with the United States Army as a lieutenant. His service included a tour of duty in Korea.

Relatives from Buckholts attending the wedding were Mr. and Mrs. L. N. Ezzell, Mrs. C. R. Criswell and Mr. and Mrs. Derl Warren of Rogers.

S. H. Posival Honored At Surprise Birthday Dinner

S. H. Posival was honoree for a surprise birthday dinner at his home in Buckholts Sunday when relatives and friends came at noon bringing cakes, kolaches, covered dishes and ate the makings to celebrate the occasion.

An arrangement of mixed spring flowers centered the refreshment table.

Mrs. Posival, hostess, was assisted by Mrs. Frances Stoeber and Mrs. Ed Posival.

Attending were Mr. and Mrs. Alvin Posival and sons of Cameron, Mr. and Mrs. Edward Posival, Mrs. John Henry Mitchell and children, Mrs. Frances Stoeber, Mr. and Mrs. H. W. Stalmach, Mr. and Mrs. Ernest Janes and daughters, Mr. and Mrs. Woodrow Hester of Temple, the honoree and Mrs. Posival and their son, Raymond.

Lu Wane Asher Honored At After Graduation Supper

Lu Wane Asher, a member of 1954 graduating class of Yoe High school, was honored at an After-Graduation-Supper by her parents, Mr. and Mrs. Jimmie Asher on Monday night, May 24.

An unusual arrangement of dresses of Lu Wane's was on display. Her twelve first-day-school dresses have been kept and were placed in order for this occasion.

Out of town guests were Mr. and Mrs. Nat Greene and "Buck" Massey of Dallas; Mr. and Mrs. Weldon Parsons and Mrs. Emma Asher of Austin; Mr. and Mrs. L. B. Pearson of Georgetown; Mr. and Mrs. M. A. Montgomery, Mr. and Mrs. M. B. Davis, Mr. and Mrs. J. W. McCann, Mr. and Mrs. Wade Howland and daughters Martha and Janice, Mr. and Mrs. Harold Asher and son, Billy and Mrs. Dora Parsons, Mr. and Mrs. Gene Pearson and daughter, "Debbie," all of Andie; Ken Pierce of Winters and Mr. and Mrs. John Seay of Waco.

Doris Senkel Feted At Afternoon Tea

Miss Doris Senkel, bride-elect of Albert McCullin, Jr., was feted with an afternoon tea Saturday, May 22 from four to six p.m. at the home of Mrs. Joe B. Anderson, 804 E. 13th street.

Hostesses included Mrs. Anderson, Mrs. S. A. Easley, her mother and Mrs. Gordon Dougan, her sister, of Calvert.

In the receiving line were Miss Senkel, Mrs. John Senkel, Mrs. Albert McCullin and Mrs. G. C. Lucas of Minerva, grandmother of the future bridegroom.

Receiving guests were Mrs. Anderson and little daughter, Jo Ann.

American beauty roses decorated the table where Mrs. Mark C. Magers and Miss Shirley Horstmann registered 170 guests in the bride's book.

The tea table was covered with an imported Italian cut work cloth and appointed in silver and crystal. White candles in crys-

tal candelabra formed table and buffet decorations along with arrangements of Delphinium and gladiolas in shades of white and tinted pale pink.

Refreshments consisted of frozen lime punch, assorted nuts, and cake squares decorated with delicate rosebuds in colors of pastel pink and green. Alternating at the crystal punch service were Misses Ruth Reichert and Anita Dusek and serving the cake

squares were Misses Virginia Brown and Kathryn Patzke of Calvert. Mrs. Easley and Mrs. Dougan assisted members of the house party.

All members of the party wore pink and white carnation corsages. White lilies and fern decorated the remainder of the party rooms with arrangements of daisies in the music room and ivy planters in the den.
